MEMORANDUM FOR:

Acting Director of Security

SUBJECT : Survey of Clandestine Service Top Secret
and Compartmented Clearances Held by
Consultants and Contractors

1. In accordance with instructions issued to the Intra-Agency Security Committee to submit a report by 20 August 1971 on subject matter, the following is submitted.

2. A survey of all components of the Clandestine Service, except for TSD, produced the following figures for Top Secret and Compartmental Clearances held by consultants and contractors:

a) Top Secret Clearances	27
b) Top Secret/SI Clearances	28

3. Of the above figures, we are advised that the sponsoring components plan to downgrade 21 of the Top Secret clearances to Secret and one of the Top Secret/SI clearances to Secret.

4. The Office of Logistics and TSD have informed me that those Top Secret clearances held by TSD consultants and contractors will be included in the overall figure which the Office of Logistics will submit to the Office of Security. This is being done because the Office of Logistics maintains such records which do not readily lend themselves to a breakdown by individual sponsoring components.

DDP Representative
Intra-Agency Security Committee
